**What steps did you follow in order to make your food?**

Today I made waffles / pizza in the kitchen. First I took two waffles and put them in the toaster / microwave. Then I set the toaster to level 3 / 4 and pressed the lever up / down. After the bread / waffles popped up, I took them out of the toaster and put them on my plate. I took both waffles and used a knife to spread butter / mayo on them. I poured ketchup / syrup on the toasted waffles and finished by cutting them with my knife and spoon / fork. My waffles tasted good / bad.
